

MERLINPOS 'POS-in-a-Box'

Merlin® POS-in-a-Box is a brand new product from the Merlin® team.

Exclusive to Merlin®, POS-in-a-Box is a ready to use EPOS system with fully loaded software so that you can literally pick it off the shelf and plug it in.

No extra implementation or software costs to pay, just a one off payment of **£1,999.00** plus VAT.

The system can also be linked with wholesalers (POS-in-a-Box can come with a wholesaler link to Booker Cash and Carry) or come totally independent of any links.

POS-in-a-Box is a totally unique product to Merlin® with no other EPOS company offering a product that is ready enabled with integrated software and hardware.

Turn overleaf to see what's included!
